# EAGLE ENFORCER™

TAKE CHARGE WITH **ALL-SEASON** PURSUIT CAPABILITY

## ■ TRACTION REPORTING FOR DUTY

Pursuit-calibrated tread compound for the intense operating conditions of law enforcement on dry, wet and slushy surfaces

## ■ MAINTAIN ORDER IN ALL-SEASON CONDITIONS

Optimized sipe pattern and shoulder decoupling groove offers powerful handling stability and traction in all seasons—dry, wet and light snow

## ■ COMMAND PURSUIT SITUATIONS

ActiveForce Technology™ offers enhanced durability with an optimized combination of tread and purpose-built construction to handle high-intensity situations

## ■ ARRESTING GRIP

Wide circumferential grooves help evacuate water for confident traction in demanding and wet situations

## ■ RULE SUPREME

Large shoulder blocks provide confident maneuverability and steering response for high-speed pursuits

**PLUS-SIZING DISCLAIMER WARNING:** Before you replace tires, always consult the vehicle owner's manual and follow the vehicle manufacturer's replacement tire recommendations. Vehicle handling may be significantly affected by a change in tire size or type. When selecting tires that are different from the Original Equipment size, see a professional installer in order to make certain that proper clearance, load-carrying capacity and inflation pressure are selected. Never exceed the maximum load capacity and inflation pressure listed on the sidewall of the tire. Always drive safely and obey all traffic laws. Avoid sudden, sharp turns or lane changes. Failure to follow this warning may result in loss of control of the vehicle, leading to an accident and serious injury or death.
