# EAGLE ENFORCER™ WINTER

TAKE CHARGE WITH **WINTER** PURSUIT CAPABILITY

## ■ EQUIPPED TO HANDLE ADVERSITY

ActiveResponse Technology™ combines pursuit-ready and winter tread compound zones for enhanced grip on various road surfaces encountered by law enforcement

## ■ MAINTAIN ORDER IN HARSH WINTER CONDITIONS

V-Tred™ Technology helps evacuate water, slush and snow from the contact patch

## ■ COMMAND PURSUIT SITUATIONS

ActiveForce Technology™ offers enhanced durability with an optimized combination of tread and purpose-built construction to handle high-intensity situations

## ■ ARRESTING GRIP

Proven winter tread compound zone provides consistent and confident grip at low temperatures

## ■ RULE SUPREME

Siped tread pattern provides multiple biting edges for enhanced starting and stopping power on snow- and ice-covered roads

**PLUS-SIZING DISCLAIMER WARNING:** Before you replace tires, always consult the vehicle owner's manual and follow the vehicle manufacturer's replacement tire recommendations. Vehicle handling may be significantly affected by a change in tire size or type. When selecting tires that are different from the Original Equipment size, see a professional installer in order to make certain that proper clearance, load-carrying capacity and inflation pressure are selected. Never exceed the maximum load capacity and inflation pressure listed on the sidewall of the tire. Always drive safely and obey all traffic laws. Avoid sudden, sharp turns or lane changes. Failure to follow this warning may result in loss of control of the vehicle, leading to an accident and serious injury or death.
