Important Information To Better Serve Your Customers

This PSB is Applicable To: U.S. and Canada

October 16, 2015

PSB #2015-22

TO: Goodyear Company Owned Stores, Independent and Associate Dealers & Goodyear Canada Inc. Independent Dealers

SUBJECT: Winter Tire Applications for Law Enforcement and Emergency Vehicles (re-issue of PSB 2014-16)

Due to the unique nature and operation of Law Enforcement and Emergency vehicles, it is essential that winter tires, including studded winter tires, be applied to all four wheel positions.

The purpose of installing winter tires on a vehicle is to help gain optimum traction and handling when driving in winter conditions.

Make certain that only tires with the correct speed rating and load carrying capacity be chosen for each individual vehicle application.

Winter tires for Law Enforcement and Emergency applications are listed in the table below. A full list of all Goodyear tires for Law Enforcement and Emergency vehicle applications can be found on **Tire-HQ** under **Government Sales** or www.policetires.com.

Tire Line	Size	Index	Product Code	Applications
