Important Information To Better Serve Your Customers

This PSB is Applicable To: U.S. and Canada

November 18, 2019

PSB #2019-14

TO: Goodyear Company Owned Stores, Independent and Associate Dealers & Goodyear Canada Inc. Independent Dealers

**SUBJECT: Winter Tire Applications for Law Enforcement and Emergency Vehicles
(replaces PSB 2018-10)**

The purpose of installing winter tires on a vehicle is to help gain optimum traction and handling when driving in winter conditions.

Due to the unique nature and operation of Law Enforcement and Emergency vehicles, it is essential that winter tires, including studded winter tires, be applied to all four wheel positions.

Make certain that only tires with the correct speed rating and load carrying capacity be chosen for each individual vehicle application.

Listed in the table below are a list of All-Weather and Winter tires that have the 3-Peak Mountain Snowflake designation for enhanced cold weather performance for Law Enforcement and Emergency applications.

All-Weather Tires:			
Size	Description	Product Code	Applications
265/60R17 108V	Eagle Enforcer All Weather	732-001-558	Chevrolet Tahoe
